

INFORMED CONSENT FOR THERAPY SERVICES – INDIVIDUAL COUNSELING

PSYCHOLOGIST-CLIENT SERVICE AGREEMENT

Welcome to Pearl Vitality. This document contains important information about Pearl Vitality professional services and business policies. It also contains summary information about the Health Insurance Portability and Accountability Act (HIPAA), a federal law that provides privacy protections and patient rights about the use and disclosure of your Protected Health Information (PHI) for the purposes of treatment, payment, and health care operations. Although these documents are long and sometimes complex, it is very important that you understand them. When you sign this document, it will also represent an agreement between us (Client and Therapist). We can discuss any questions you have when you sign them or at any time in the future.

PSYCHOLOGICAL SERVICES

Therapy is a relationship between people that works in part because of clearly defined rights and responsibilities held by each person. As a client in psychotherapy, you have certain rights and responsibilities that are important for you to understand. There are also legal limitations to those rights that you should be aware of. Talia Bryan, LCSW as your therapist, have corresponding responsibilities to you. These rights and responsibilities are described in the following sections.

Psychotherapy has both benefits and risks. Risks may include experiencing uncomfortable feelings, such as sadness, guilt, anxiety, anger, frustration, loneliness and helplessness, because the process of psychotherapy often requires discussing the unpleasant aspects of your life. However, psychotherapy has been shown to have benefits for individuals who undertake it. Therapy often leads to a significant reduction in feelings of distress, increased satisfaction in interpersonal relationships, greater personal awareness and insight, increased skills for managing stress and resolutions to specific problems. But, there are no guarantees about what will happen. Psychotherapy requires a very active effort on your part. In order to be most successful, you will have to work on things we discuss outside of sessions.

The first 2-4 sessions will involve a comprehensive evaluation of your needs. By the end of the evaluation, I will be able to offer you some initial impressions of what our work might include. At that point, we will discuss your treatment goals and create an initial treatment plan. You should evaluate this information and make your own assessment about whether you feel comfortable working with me. If you have questions about my procedures, we should discuss them whenever they arise. If your doubts persist, I will be happy to help you set up a meeting with another mental health professional for a second opinion.

APPOINTMENTS

Appointments will ordinarily be 45-60 minutes in duration, once per week at a time we agree on, although some sessions may be more or less frequent as needed. The time scheduled for your appointment is assigned to you and you alone.

CANCELLATIONS

If you need to cancel or reschedule a session, please notify me within 24 hours before your appointment. If cancelled in less than 24 hours, you are responsible for paying a \$50 fee.

PROFESSIONAL FEES

The standard fee for the initial intake is \$150.00 and each subsequent session is \$125.00. You are responsible for paying at the time of your session unless prior arrangements have been made. Payment can be made by check, credit card, Pay Pal or cash. Any checks returned to my office are subject to an additional fee of up to \$25.00 to cover the bank fee that I incur. If you refuse to pay your debt, I reserve the right to use an attorney or collection agency to secure payment.

In addition to weekly appointments, it is my practice to charge this amount on a prorated basis (I will break down the hourly cost) for other professional services that you may require such as report writing, telephone conversations that last longer than 15 minutes, attendance at meetings or consultations which you have requested, or the time required to perform any other service which you may request of me. If you anticipate becoming involved in a court case, I recommend that we discuss this fully before you waive your right to confidentiality. If your case requires my participation, you will be expected to

pay for the professional time required even if another party compels me to testify.

INSURANCE

If you have a health insurance policy, it will usually provide some coverage for mental health treatment. With your permission, my billing service and I will assist you to the extent possible in filing claims and ascertaining information about your coverage, but you are responsible for knowing your coverage and for letting me know if/when your coverage changes.

Due to the rising costs of health care, insurance benefits have increasingly become more complex. It is sometimes difficult to determine exactly how much mental health coverage is available. Managed Health Care plans such as HMOs and PPOs often require advance authorization, without which they may refuse to provide reimbursement for mental health services. These plans are often limited to short-term treatment approaches designed to work out specific problems that interfere with a person's usual level of functioning. It may be necessary to seek approval for more therapy after a certain number of sessions. While a lot can be accomplished in short-term therapy, some patients feel that they need more services after insurance benefits end. Some managed-care plans will not allow me to provide services to you once your benefits end. If this is the case, I will do my best to find another provider who will help you continue your psychotherapy.

You should also be aware that most insurance companies require you to authorize me to provide them with a clinical diagnosis. (Diagnoses are technical terms that describe the nature of your problems and whether they are short-term or long-term problems. All diagnoses come from a book entitled the DSM-IV. There is a copy in my office and I will be glad to let you see it to learn more about your diagnosis, if applicable.).

In addition, if you plan to use your insurance, authorization from the insurance company may be required before they will cover therapy fees.

If I am not a participating provider for your insurance plan, I will supply you with a receipt of payment for services, which you can submit to your insurance company for reimbursement. Please note that not all insurance companies reimburse for out-of-network providers. If you prefer to use a participating provider, I will refer you to a colleague.

CONFIDENTIALITY

Pearl Vitality policies about confidentiality, as well as other information about your privacy rights, are fully described in a separate document entitled Notice of Privacy Practices. You have been provided with a copy of that document and we have discussed those issues. Please remember that you may reopen the conversation at any time during our work together.

PARENTS & MINORS

While privacy in therapy is crucial to successful progress, parental involvement can also be essential. It is my policy not to provide treatment to a child under age 13 unless s/he agrees that I can share whatever information I consider necessary with a parent. For children 14 and older, I request an agreement between the client and the parents allowing me to share general information about treatment progress and attendance, as well as a treatment summary upon completion of therapy. All other communication will require the child's agreement, unless I feel there is a safety concern (see also above section on Confidentiality for exceptions), in which case I will make every effort to notify the child of my intention to disclose information ahead of time and make every effort to handle any objections that are raised.

CONSENT TO PSYCHOTHERAPY

Your signature below indicates that you have read this Agreement and the Notice of Privacy Practices and agree to their terms.

Signature of Patient or Personal Representative
